

SAFE CAMPUS EXPANSION BREAKS GROUND

Paige Flink, Executive Director of The Family Place; Sherry Turner, Executive Director of HomeAid/Home Builders Care; Bob Cresswell, past President of HBA and current Vice President of HomeAid/Home Builders Care; Keller Webster, President of KW Construction, L.P. and member of the HBA's Multifamily Builders Council

On July 22, HomeAid/Home Builders Care, the official charity of the Home Builders Association (HBA) of Greater Dallas, broke ground on an expansion of our transitional housing apartments at the Safe Campus. The project will add a new building with a four-bedroom apartment, three three-bedroom apartments, a multipurpose room, counseling offices, laundry room, common area and parking to provide for the larger families we are serving. KWA Construction, L.P. has taken on the role as builder captain for the new project.

Join us in thanking HomeAid/Home Builders Care, KWA Construction and the following generous donors who have made this expansion possible:

Dallas Stars Foundation

Florence Foundation

Hoblitzelle Foundation

Hoglund Foundation

James & Lillian Webb Foundation

Mabel Peters Caruth Foundation

Meadows Foundation

Preston & Georgia Phillips Foundation

Rainwater Foundation

Schuler Foundation

Simmons Foundation

"The expansion of the transitional housing program will allow The Family Place to serve larger families who are homeless due to family violence, providing them a fresh start in a safe environment, the ability to enhance their work and parenting skills, and counseling to cope with the trauma of enduring family violence," said Paige Flink, Executive Director of The Family Place.

"Giving back is part of the culture of KWA Construction and its employees," said Keller W. Webster, president of KWA Construction. "Involvement in this project provides an opportunity to continue this tradition."

"KWA Construction and the HBA's Multifamily Builders Council are committing to excellence in completing this project and creating a real home for these families while they get back on their feet," said Alice Hinckley of PrimeLending, who serves as president of HomeAid/Home Builders Care. "We are grateful to the myriad of companies who have committed to donating materials and labor to contribute to the completion of these apartments and support facilities."

"I feel at home here."

HOGLUND FOUNDATION HONORS SALLY HOGLUND AND SAFE CAMPUS MOTHERS

Sally Hoglund, center, her husband Forrest Hoglund to her left, and family

On Mother's Day the Hoglund family dedicated Sally's Garden at the Safe Campus in honor of Sally Hoglund and hosted a lunch with The Hamburger Man for all of the mothers at the Safe Campus and their children.

"It was such a fun afternoon for all of our clients and an incredible tribute to Sally Hoglund and her wonderful family. They have all been amazing supporters of The Family Place over the years," said Executive Director Paige Flink. "We are incredibly fortunate to have such a giving, warm-hearted family on our side."
